If your institution has entitlement to use the Zetoc Alert service. Authenticate/Sign, in at: <http://zetoc.jisc.ac.uk/login/alerts> (note Zetoc Alert requires entry of a username and password, managed by your institution). You may not receive a prompt if you have previously signed in to another resource due to Single Sign On (SSO) and retention of a previous session login.

Create a new Zetoc Alert List as shown below or select an existing Alert. Remember an Alert List can have up to 50 Journals added (or a mixed list of 50 -- Journal(s), Keyword(s) from article titles, or Author(s)).

The next step is to 'Add Journals', once clicked for Journal Selection the new OA symbol will display against the OA Journal name as below in the Add Journals list on the right hand side..

The screenshot shows the Zetoc Alert - Add Journals interface. The left sidebar displays 'Zetoc Alert - Display List Contents' with the message: 'List "OA Journal example" now contains no journals and no searches. There are now 0 journals and 0 searches in your list.' The main content area is titled 'Zetoc Alert - Add Journals' and shows 'Journals with names containing "PAIN"'. A table lists journals with their ISSN numbers and titles, each with an 'Add' button. The 'Add' button for 'ANESTHESIOLOGY AND PAIN MEDICINE' is highlighted with a blue box. The footer includes the Jisc logo, the British Library logo, and a 'Give feedback' button.
